Dear Senator Leno and Ms. Howle:

Attached is the Judicial Council report required under Public Contract Code section 19209 on contracts and contracts that were amended between vendors and judicial branch entities during the reporting period of July 1 through December 31, 2012. Judicial branch entities are the Supreme Court, Courts of Appeal, superior courts, Habeas Corpus Resource Center, and Judicial Council/Administrative Office of the Courts (AOC).

As required by Public Contract Code section 19209, the reports include a listing of (1) all vendors or contractors receiving payments from any judicial branch entity and their associated distinct contracts; and (2) for every vendor or contractor receiving more than one payment, the amount of the payment, type of service or good provided, and judicial branch entity receiving the

good or service. The report also includes all judicial branch entity contracts that were amended during the reporting period. This is the third semiannual report submitted under this reporting requirement. The effective date of the Judicial Branch Contract Law was October 1, 2011, and only contracts with payments or amendments after that date are included in the report. This report and all future reports will cover the six-month period from July 1 through December 31 or January 1 through June 30. The attachments to the report include:

Attachment 1: Superior court reports:

- a. Trial Court Contract Report, July 1–December 31, 2012
- b. Trial Court Payment Report, July 1–December 31 2012

Attachment 2: Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, Judicial Council/AOC reports:

- a. Contract Amendment Report, July 1–December 31, 2012
- b. Payment Report, July 1–December 31, 2012
- c. Legal Services Payment Report, July 1–December 31, 2012

The report includes neither payments nor contract amendment information that is statutorily restricted or subject to any statutory restrictions to disclosure to third parties nor contract and payment information related to active litigation.

Report Title: *Semiannual Report on Contracts for the Judicial Branch for the Reporting Period January 1 through June 30, 2012*

Statutory Citation: Public Contract Code section 19209

Date of Report: February 1, 2013

The Judicial Council has submitted a report to the Legislature in accordance with Public Contract Code section 19209. The following summary of the report is provided under the requirements of Government Code section 9795.

The Judicial Branch Contract Law (JBCL), enacted March 24, 2011, requires judicial branch entities to comply with the provisions of the Public Contract Code applicable to state agencies and departments related to the procurement of goods and services. The JBCL applies to all contracts entered into or amended by judicial branch entities on or after October 1, 2011.

The JBCL also requires the Judicial Council, beginning in 2012, to report to the Joint Legislative Budget Committee and the State Auditor semiannually on contracting activities by judicial branch entities. The reports must contain specific information, including details about payments received by vendors and contractors and their associated contracts, contract amendments entered into by judicial branch entities with vendors or contractors, and the nature of the services or goods provided under the reported contracts and amendments. The reports include neither certain payments or contract amendment information that is statutorily restricted or subject to any statutory restrictions to disclosure to third parties nor contract and payment information related to active litigation.

This is the third semiannual report and covers July 1 through December 31, 2012. The report is approximately 750 pages (including attachments). Payments made near or over \$1 million account for

February 1, 2013

Page 2

approximately 68 percent of the of the total payments made by the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/Administrative Office of the Courts (\$128,580,739). A total \$188,338,075 was paid to vendors by the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/Administrative Office of the Courts. There were 1,391 contracts with amendments totaling approximately \$104 million (\$28.3 million for the superior courts). The full report can be accessed at [www.courts.ca.gov/18672.htm](http://www.courts.ca.gov/18672.htm).

**Semiannual Report on Contracts for the Judicial Branch for the Reporting  
Period July 1 through December 31, 2012:  
Report to the Joint Legislative Budget Committee and the State Auditor  
as Required by Public Contract Code Section 19209**

**February 1, 2013**

**Introduction**

The Judicial Council is providing this report to the Joint Legislative Budget Committee and the State Auditor under Public Contract Code section 19209 to provide information related to procurement of contracts for the judicial branch. The report includes a list of vendors or contractors as required by Public Contract Code section 19209(b). The report further identifies the amount of payment to the contractor or vendor, the type of services or goods provided, and the judicial branch entity or entities with which the vendor or contractor was contracted to provide that good or service. The report also includes a list of all contract amendments as required by Public Contract Code section 19209(c) and identifies the vendor or contractor, the type of services or goods provided under the contract, the nature of the amendment, the duration of the amendment, and the cost of the amendment. Judicial branch entities are the Supreme Court, Courts of Appeal (COA), superior courts, Habeas Corpus Resource Center (HCRC), and Judicial Council/Administrative Office of the Courts (AOC).

Because the operative date of the Judicial Branch Contract Law was October 1, 2011, only contracts entered into or amended after that date are included in this report. This report and all future reports are semiannual and cover the six-month periods from January 1 through June 30 and July 1 through December 31. This is the third semiannual report and covers the period July 1 through December 31, 2012.

**Contracts Excluded From the Report**

Public Contract Code section 19204(c) provides that the Judicial Branch Contract Law (JBCL) does not “apply to procurement and contracting by judicial branch entities that are related to trial court construction, including, but not limited to, the planning, design, construction, rehabilitation, renovation, replacement, lease, or acquisition of trial court facilities.” This section also states that the JBCL “shall apply to contracts for maintenance of all judicial branch facilities that are not under the operation and management of the Department of General Services.”

Appropriate exclusions and inclusions based on the above subsections have been made in this report. Also excluded from the report are certain contracts that are unique to the superior courts and are subject to other statutory schemes as listed below:

- Security services memorandum of understanding under the Superior Court Law Enforcement Act of 2002 (Gov. Code, § 69920 et seq.);

- Court reporters providing services as independent contractors as specified by Government Code section 69941 et seq.;
- Court interpreters providing services as independent contractors as Government Code section 71800 specifies a statutory scheme and is subject to Judicial Council policy (Judicial Branch *Payment Policies for Contract Court Interpreters*).

### **Format of the Report**

The AOC Fiscal Services Office is responsible for preparing the portion of the report that relates to the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/AOC and extracts data for the report from the Oracle Financial System. The Trial Court Administrative Services Office (TCAS) is responsible for preparing the portion of the report that relates to the superior courts and extracts data for the report from the Phoenix Financial System. Because the AOC Fiscal Services Office and TCAS have different information management systems, the format and data elements of various portions of the report differ. The four portions of the report are listed below:

Superior courts:

1. Trial Court Contract Report
2. Trial Court Payment Report

Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/AOC:

3. Contract Amendment Report
4. Payment Report (includes a two-page Legal Services Payment Report)

The chart below explains the differences in the format of the reports and describes the data elements.

This semiannual report includes all the information required by statute. Portions of the report related to the superior courts contain information as listed above (vendor ID, month and year of amendment) but are not required for the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/AOC.

The superior court information includes contracts that were entered into during the reporting period, even if no payments were made. This is additional information and is not required by the JBCL. The portion of the report related to the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/AOC does not include contracts for which no payment was made during the reporting period. The superior court report consolidates all payments to a vendor or contractor under one contract as one payment for the reporting period.

## Report Information

### Superior Courts

#### 1. Trial Court Contract Report

The Phoenix Financial System is not configured to collect information about contracts in a manner that precisely matches the statutory reporting requirements. Below are some key factors to consider when reviewing the contract data related to the superior courts.

- The Trial Court Contract Report includes all contracts and amendments completed within the reporting period because including all contracts was more cost-effective than developing a report that includes distinct contracts for only the vendors who received more than one payment in the reporting period. “Vendor” is often used synonymously with “contractor” in the report.
- Goods/Services descriptions are determined by the general ledger account(s) entered in the system.
- The only amendment descriptions that can be reported are changes in the overall value or duration of an agreement, or if the goods/services change.
- The Phoenix Financial System cannot distinguish between a true amendment and an error correction. Screens were built to allow superior courts to review transactions included in the report and exclude changes that were error corrections. This design feature affects the accuracy of the data based on a court’s ability/availability to review its transactions.
- A single contract has multiple lines of data in the file. This is because there may be a one-to-many relationship between a contract and the goods/services on the contract, and if there are amendments, there can be a one-to-many relationship between a contract and the value or duration. Simple sorting by contract number and amendment number keeps these records together. They can also be sorted by court (JBE, *judicial branch entity*) or by vendor.

#### Contract Report Fields

Field Name	Field Description
<b>Month</b>	Calendar month of the current transaction record.
<b>Year</b>	Calendar year that the current transaction record pertains to.
<b>JBE</b>	Judicial Branch Entity. Name of the superior court with the associated contract.
<b>Vendor ID</b>	Unique identifier for the vendor.
<b>Vendor Name</b>	Name of the vendor.
<b>Contract Number</b>	Unique identifier for the contract.

Field Name	Field Description
<b>Amendment Number</b>	Unique identifier for the version of the contract, whether it is the original or an amendment. This is a system-generated number across all contracts and, therefore, will not necessarily be consecutive within a contract.
<b>Contract Value OR Amendment Value</b>	When the transaction record is for the original amount of the contract, the value in this field refers to the known or estimated contract value when the contract first became effective. When the transaction record refers to a contract amendment value, the value will indicate the increase or decrease to the contract value.
<b>Goods/Services</b>	Description of the goods/services based on the general ledger accounts associated with the contract. Note that a single contract may require several lines to represent multiple goods and services. <b>The goods/services are rolled up from subaccounts, so descriptions may appear to be duplicates but are really separate subaccounts in the rolled-up category.</b>
<b>Contract Duration</b>	Contract duration is represented in months or a fraction thereof. When the transaction record refers to a contract amendment value, the value will indicate the increase or decrease to the contract duration.
<b>Nature of Amendment</b>	This field represents the type of amendment. <b>Original:</b> The original value, duration, and goods/services of the contract. <b>Increase Contract Value:</b> An increase from the original value of the contract. <b>Decrease Contract Value:</b> A decrease from the original value of the contract. <b>Increase Contract Duration:</b> An increase in the duration (or term) of the contract. For example, an increase of six months would be represented as 6.00. <b>Decrease Contract Duration:</b> A decrease in the duration (or term) of the contract. For example, a decrease of six months would be represented as -6.00. <b>Change Goods/Services:</b> A change (addition or deletion) in the goods/services provided under the contract.

## 2. Trial Court Payment Report

Below are some key factors to consider when reviewing the payment data.

- Goods/Services descriptions are determined by the general ledger account(s) entered in the system.
- A single payment may have multiple lines of data in the file if the payment is for multiple goods/services. Simple sorting by contract number keeps these records together. They can also be sorted by court (JBE) or by vendor.

Field Name	Field Description
<b>JBE</b>	Name of the superior court making the payment.
<b>Contract Number</b>	Unique identifier for the contract under which the payment was made. If the payment was not associated with a contract, this field will be blank.
<b>Goods/Services</b>	Description of the goods/services based on the general ledger account associated with the payment. The goods/services are rolled up from subaccounts, so descriptions may appear to be duplicates but are really separate subaccounts in the rolled-up category.
<b>Vendor ID</b>	Unique identifier for the vendor.
<b>Vendor Name</b>	Name of the vendor.
<b>Total Payments</b>	Total payments to a vendor, reported by court, contract, and goods/services under the contract. Data can be sorted in various ways to obtain to totals by court, vendor, contract, goods/services, etc.

### **Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, Judicial Council/AOC**

#### **General rules applicable to these portions of the report**

Contract and payment information concerning the Habeas Corpus Resource Center is exempt from disclosure under the JBCL and is excluded from the report, as is payment information related to contracts for matters in active litigation, which are protected from disclosure under the attorney-client privilege.

### **3. Contract Amendment Report**

Exclusions and explanations in the Contract Amendment Report follow:

- The costs of an amendment where litigation contracts were amended are not reported.
- Schedule changes that constitute an amendment to the contract indicate the cost of amendment as “n/a” or “not applicable” because no additional cost was involved.
- “Change of cost and schedule of the work” has an associated cost unless (as indicated by an \*) it is associated with active litigation and, therefore, not reported. Cost changes result from any number of reasons, and there is no specificity for this data element in the Oracle Financial System. Further details related to the basis of the cost change require review of the individual contract.
- There were no contract amendments for the Courts of Appeals during this reporting period.

#### **4. Payment Report**

Payments extracted from the Oracle Financial System were reviewed to determine whether they were contractual payments. Any payments types considered “non-contractual items” are excluded from the reporting, including:

- Payroll and other payments to state employees and judicial officers and the related benefits payments
- Assigned judges’ compensation
- Appellate court–appointed counsel panel attorney compensation claims (paid on court order)
- Most utilities
- Postage
- Travel reimbursements
- Settlement charges
- Trial court allocations

Some of the above payment types are included in the superior court reports, such as utilities, postage, and travel reimbursements.
